

# MOBILE COUNTY PUBLIC HEALTH NOTICE

*NOVEMBER 20, 2020*

The Alabama COVID-19 Risk Indicator Dashboard classified Mobile County as a **HIGH-RISK** county for COVID-19 transmission.

Mobile County Health Department advises all persons to exercise extreme caution as we enter the holiday season. Avoid large gatherings, wear a face covering when within six feet of any person not living in your home, frequently wash your hands and get tested/stay home if you have symptoms of illness. If you have had close contact with someone diagnosed with COVID-19, regardless of your COVID-19 test status, you need to stay home for 14 days from the time of exposure. If you have a positive test or symptoms of COVID-19, stay home for 10 days from the onset of symptoms or from the time you tested positive (whichever occurred first).

We wish everyone a safe and happy holiday!
