Prichard reports Sanitary Sewer Overflow

Prichard Water Works & Sewer responded to a Sanitary Sewer Overflow at the intersection of Velma Street and West Highland Street on Sunday, April 7. An estimated 50 gallons was lost. The overflow was self-contained and did not reach a body of water.

Dr. Bernard H. Eichold II, Health Officer for Mobile County, advises area residents to take precautions when encountering any standing water that may have accumulated because of this overflow. Those who have come into direct contact with untreated sewage are advised to wash their hands and clothing thoroughly.
